Todd Covini

Director of Marine Operations

PMI | SERVICES NORTH AMERICA

Todd Covini is Director of Marine Operations at **P.M.I. Services North America Inc.**, leading the marine team supporting the **PEMEX Deer Park Refinery** in Deer Park, Texas. In this role, he oversees chartering, vessel vetting, technical operations and demurrage management for the refinery marine logistics. His role also includes Tier 3 Crisis Management Team Lead for Marine and sits on the Marine Preservation Association (MPA / Marine Spill Response Corporation (MSRC) board of directors.

Mr. Covini brings extensive senior leadership experience across the maritime and energy sectors, including service on major oil company leadership teams. His career includes roles with **Shell Chemical**, where he served as **Regional Marine Logistics Manager – Americas**, managing marine transportation of refined products, and chemicals across North and South America.

Earlier in his career, he spent 24 years with Exxon Shipping Co and **SeaRiver Maritime**, sailing and supporting tanker fleet operations, regulatory compliance, environmental systems, and industry safety programs including TMSA and SIRE. Todd is Incident Commander trained and certified by the USCG Training Center in Yorktown, VA

He also served as **Vice President of Commercial Services at American Commercial Barge Line**, where he focused on new business development, leadership, and commercial strategy in the Greater Houston area serving the liquids markets.

Mr. Covini serves on the **Board of Directors of the Greater Houston Port Bureau**, where he participates on the Efficiency and Advocacy Committees, and is a member of the **LoneStar Harbor Safety Committee**, as well as the Port Coordination Team (PCT) representing all Greater Houston-area refineries.

He holds a **bachelor's degree in marine engineering from Massachusetts Maritime Academy** and an **MBA from Mays Business School at Texas A&M University**.
